Re Department's telegram 2970, June 20 and Northeast Asian Affairs economic notes April-May 1953.

Paragraph 11 reference Northeast Asian Affairs economic notes indicates Department intends to agree to Senate reservation on "professional clause" in FCN treaty. Department's telegram 2970 gave Embassy contrary impression.

Department aware Embassy's view such reservation may have unfavorable repercussions in Japan. It will jeopardize position American attorneys in Japan, depriving American business interests of their legal services, and will open door for Japanese reservations on banking and investment matters.

American Chamber of Commerce and American attorneys in Japan disturbed over likelihood reservation and Embassy informed they may send to Foreign Relations Committee appropriate communication opposing reservation.
